Happy New Year !

Enjoying daily walk, photo taking, joying the activities s of “Ezorisu-no-kai” and “Natural history research group in Tokachi”, gardening, cycling, playing mini-volley, book reading, having daughter, sons and their children in our house, contributing articles on my home page. I would like to spend my 74th year of age in health.

Wishing the health and happiness of you and your family always.

On a new year day of 2026
